WARNING

WARNING! WARNING! WARNING! WARNING! WARNING!

- * Because this is a precision tooled device, do not use or store it in extreme temperature conditions. Avoid hard shocks.
- * Avoid soiling the connector terminals by handling or spilling liquids. Soiled connectors can cause system break down.
- * Do not clean this device with alcohol, thinner, benzine or other volatile substances.
- * Always turn the power off before inserting or removing the cassette from the main system.
- * We recommend that you play this game at distance from the television screen.
- * When engaged in prolonged bouts of game playing, we recommend that you rest for 10 or 20 minutes every two hours in order to avoid strain in your vision and general health.

Nintendo recommends against using a rear projection television with your NES as image retention on the screen may occur.

GAME STORY/PROLOGUE

In the Star Year of 2038, the Fourth (4th) World War on Earth destroyed all of mankind. The Starship Hector was thousands of light years away on an exploration mission. Upon their return to what is now ancient Earth, the Starship Hector found Earth to be desolate and inhabited by gruesome Bio-Mechanical Creatures.

Starship Hector must fight its way past many different empires of these Bio-Mechanical Creatures to save Earth's future. This challenge will be the toughest battle the Starship Hector will ever face. You must skillfully change battle strategies constantly.

This is the ultimate challenge to your battle skills. The objective is to help the Starship Hector to survive in Ancient Earth and to defeat the gruesome Bio-Mechanical Creatures. Earth's future is in your skillful hands!

The game has six (6) different stages:

# of Stage	Empire Stage
History (1)	Incaic Empire
History (2)	Mayan Empire
History (3)	Atlantis Empire
History (4)	Egyptian Empire
History (5)	Moo Empire
History (6)	Yamataikoku Empire

PLAY MODES

Play Modes

In addition to "normal play", Starship Hector is equipped with "score keeping" and "timed competition" modes that can be played within time limits of two (2) or five (5) minutes.

Push "start" to access the mode selection screen.

Push "select" to access the score keeping screen.

CHARACTERISTICS OF THE GAME

Characteristics of the Game

Starship Hector is a shooting game with scrolling screens. The game scrolls either vertically or horizontally depending on which stage is being played.

Vertical Scroll

Stages 1, 3, 5 scrolls vertically. The enemy not only attack in the air but also from the ground surface.

Horizontal Scroll

Stages 2, 4, 6 scrolls horizontally. Be careful not to damage the Starship by bumping into the walls inside the cave.

Starship Hector's Strategy Shooting

Strategy shooting means to plan your attack operations and maneuvering. The first thing to do is to learn the movements of enemy characters in each empire stage. Then practice over and over until you find a winning strategy.

SCREEN INDICATION

Screen Indication

The score, number of Starships remaining and energy level are indicated on the screen:

Energy Level

Maximum energy level is 16 bars. When the energy level reaches "0" a Starship will be taken away.

Extra Starships

Every game starts with 2 Starships. An extra Starship is added only when the score reaches 200,000; 500,000 and 1,000,000 respectively. (i.e. one Starship added when the score hits 200,000 and again at 500,000, etc.... 3 Starship maximum.)

Energy Level

The energy level decreases when hit by the enemy creatures. Collect "recovery capsules" to increase the energy level. Each recovery capsule will increase the energy level by one-maximum 16 bars/level. The Starship must hit certain characters on the screen to release the capsules. A Starship will be taken away when the energy decreases to "0".

Score

The number of Starships remaining. The game starts with 2 Starships.
